Energy

Silver Sheen is a proprietary blend of 100% locally sourced aluminium particulates that are embedded into each layer, to not only trap the cold in but defend any heat from entering. Silver Sheen now contains Sancell's signature Phoenix material, consisting of 50% recycled content including a minimum of 25% post consumer recycled waste (PCR) and 25% post industrial recycle (PIR).

When choosing a Phoenix product, you are keeping waste from landfill, significantly decreasing the use of raw materials and carbon emissions, and promoting a circular economy. Phoenix also exceeds 2025 recycled content targets by 250%.

Along with a minimum of 50% recycled content in every bag, Silver Sheen is 100% recyclable. With multiple layers fighting to protect your temperature sensitive goods, it really is your knight in shining armour!

Thermal Profile Comparative Performance Testing

Did you know you can pair Silver Sheen Thermal Liners and Bags with Sancell's ProtectaChill Gel Packs for a complete Cold Chain Solution? When paired with ProtectaChill Gel Packs, Silver Sheen has you covered for over 25 hours!*

CHOOSE FROM...

SILVER ECO Sheen

TAKES UP 75% LESS SPACE THAN SILVER SHEEN AIR!

Silver Sheen Eco is specifically engineered to optimise material value and minimise impacts on the environment. The lower profile requires less energy and fossil fuels to transport, as well as less space to store, transport and recycle. The 1mm structure also allows you to expel unnecessary air from your package, maximising thermal performance.

*1mm bubble structure reducing
freight costs and warehouse space*

SILVER AIR Sheen

AN AIRY LAYER OF PROTECTIVE CUSHIONING!

Get the best of both worlds! The 10mm bubble in Silver Sheen Air provides an extra layer of plush cushioning for those goods that need protection during transit. Silver Sheen Air minimises product damage, reduces the complex and time consuming processes of returns, and not to mention replacement costs. All while keeping your goodies cold!

*4mm bubble structure for temperature
sensitive goods requiring extra protection*
