

# ThermaWeave

Pallet Covers *by* SANCELL

With superior strength and proven thermal performance, ThermaWeave Pallet Covers will save you time, space and minimise your carbon footprint.

## Performance

Our in-house testing proves consistency in thermal performance of our Pallet Covers. Not only will ThermaWeave protect your goods with its superior strength, it will also maintain desired temperature over a set period of time.

\* Pallets are placed in a container freezer set to -25°C. Test ended when product reached -15°C.

Pallet Covers fold down to 0.01m3 saving space and storage costs

Save costs by lowering the need for refrigerated transport

ThermaWeave is reusable and reduces your carbon footprint

## Why Sancell Pallet Covers?

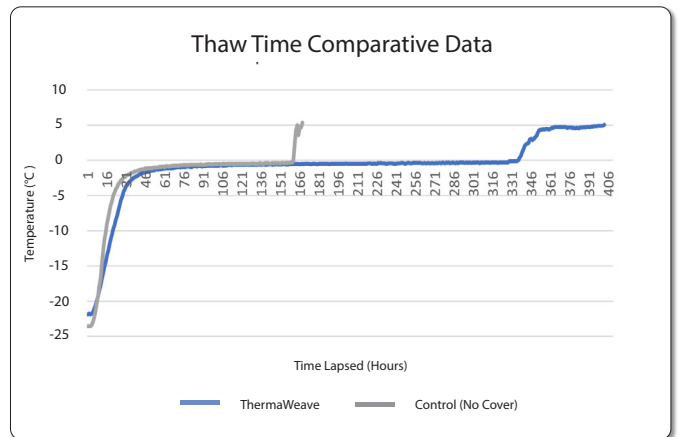

- ✓ High quality Covers provide maximum strength and protection to ensure your goods arrive in tip top condition
- ✓ Validated thermal performance
- ✓ Easy to use and suitable for reuse again and again
